1.3 PURPOSE OF THE RFP

The purpose of this RFP is to select a vendor that can satisfy the State’s need for a marketing/advertising agency. It is the intent of Indiana Department of Workforce Development to contract with a vendor that provides quality marketing strategy, creative concepts and execution of which in the approved media channels for Indiana Department of Workforce Development.

1.4 SUMMARY SCOPE OF WORK

Indiana will need to fill more than one million jobs over the next 10 years. In order to meet this demand, the Department of Workforce Development has created a web-based demand driven workforce solution – Indiana Career Ready.com (ICR) was soft launched July of 2017. The introduction of this new web-based application and its capabilities will require the need for a new marketing strategy that creates broad public awareness. Tasks needed include: strategy and planning, creative development, execution of production which may be video/audio for radio and TV, print advertisements, billboards, social media, etc. The chosen vendor will work with the state’s media buy agency, Asher to place all purchased media.

Background

The Indiana Department of Workforce Development oversees the current status and growth of Indiana's workforce in order to assist the business community with their workforce needs. Part of this oversight extends to adult basic education, Indiana's high school equivalency program, high school dropout prevention, postsecondary credentials, employment training/placement, and re-entry initiatives for ex-offenders.

DWD is also the warehouse of data for the state's unemployment rate, job openings, occupational projections and educational attainment levels. By harnessing the power of this information we have created the Demand Driven Workforce System (DDWS). The DDWS will equip us to forecast job demand more accurately, frequently and granularly at the county level rather than at the statewide level which has been the only means possible in the past. Using methodology from the Texas SkillsEngine, DWD is able to refine our labor market information (LMI) and determine which jobs and skills are in demand by employers. In turn we can then align our education system to better match the skills and training needed by employers. Students and jobseekers will be better equipped to choose occupations they know are needed in the workforce with an understanding of the education, credentials and skills needed to succeed in those occupations.

This new technology brings Indiana's workforce system into the 21st century and better able to solve the paramount challenge of replacing more than one million jobs over the next 10 years, either through attrition (700,000+) or from new and emerging global/local economies (300,000+) using Indiana Career Ready.

Complimentary to the ICR brand and messaging are three of the tools used to provide data:

- **IndianaCareerConnect.com** – current job opening
- **IndianaCareerExplorer.com** – career pathways to in demand jobs
- **INDemandJobs(Indiana Career Ready.com/INDemandJobs)**– careers that are in demand today and tomorrow

See Appendix __ for Demand Driven Workforce System PowerPoint

Marketing Strategy

For many years DWD has been known as the “unemployment office.” Indiana Career Ready is an important part of the mission to re-define the agency as a “re-employment office” and give our customers a different reason to contact us. This interactive web application provides user groups with real-time dynamic data and plays an integral part in DWD's ability to impact the workforce of tomorrow.

Audience

There are six distinct audience types for the ICR website:

1. Job Seekers (Primary)
 - a. Emerging – students or returning workers who are entering the workforce and

- looking for work.
 - b. Incumbent/Assisted Seeker – the “traditional” customer of the WorkOne system. Typically blue collar, unemployed (or underemployed), unemployable, low skilled, low wage workers.
 - c. Incumbent/Independent Seeker – a new set of customers that, most likely, have never used WorkOne services. Typically white collar, already employed, highly skilled, high wage.
2. Employers (Primary)
 - a. Some companies that will have worked with WorkOne to post jobs through ICC and training assistance with employees. Others our Business Engagement Team will be contacting for the first time and introducing new DWD incentive programs specifically for building a community around workforce within the business sectors
 3. Students/Parents (Secondary)
 - a. High School students and their parents who are making decisions on career choices, post-secondary education or certification options
 4. Teachers/Counselors (Secondary)
 - a. As part of new legislation Indiana Career Explorer (ICE) will be part of a trial program in 8th grade classrooms among 15 regional schools during the 2017/18 school year. Following the pilot program, it is anticipated all Hoosier 8th graders will be required to create a career pathway using ICE as part of their regular curriculum.
 - b. High School counselors will be able to integrate both ICE and INDemand Jobs data into their academic counseling.
 5. Education/Training Providers (Tertiary)
 - a. DWD Adult Ed Training Providers will be able to use these tools and assessments with their clients. Key training modules will be available through the system.

2.3.8 Authorizing Document

Respondent personnel signing the Transmittal Letter of the proposal must be legally authorized by the organization to commit the organization contractually. This section shall contain proof of such authority. A copy of corporate bylaws or a corporate resolution adopted by the board of directors indicating this authority will fulfill this requirement.

2.3.9 Subcontractors

The Respondent is responsible for the performance of any obligations that may result from this RFP, and shall not be relieved by the non-performance of any subcontractor. Any Respondent's proposal must identify all subcontractors and describe the contractual relationship between the Respondent and each subcontractor. Either a copy of the executed subcontract or a letter of agreement over the official signature of the firms involved must accompany each proposal.

Any subcontracts entered into by the Respondent must be in compliance with all State statutes, and will be subject to the provisions thereof. For each portion of the proposed products or services to be provided by a subcontractor, the technical proposal must include the identification of the functions to be provided by the subcontractor and the subcontractor's related qualifications and experience.

The combined qualifications and experience of the Respondent and any or all subcontractors will be considered in the State's evaluation. The Respondent must furnish information to the State as to the amount of the subcontract, the qualifications of the subcontractor for guaranteeing performance, and any other data that may be required by the State. All subcontracts held by the Respondent must be made available upon request for inspection and examination by appropriate State officials, and such relationships must meet with the approval of the State.

The Respondent must list any subcontractor's name, address and the state in which formed that are proposed to be used in providing the required products or services. The subcontractor's responsibilities under the proposal, anticipated dollar amount for subcontract, the subcontractor's form of organization, and an indication from the subcontractor of a willingness to carry out these responsibilities are to be included for each subcontractor. This assurance in no way relieves the Respondent of any responsibilities in responding to this RFP or in completing the commitments documented in the proposal. The Respondent must indicate which, if any, subcontractors qualify as a Minority or Women Owned Business under IC 4-13-16.5-1. See Section 1.21 and Attachment A for Minority and Women Business information.

Notwithstanding any other provisions relating to the beginning of the term, any contract will not become effective until the evidence of financial responsibility is delivered in the correct form and amount to the address indicated in Section 1.25.

The same outline numbers must be used in the response. RFP language should not be repeated within the response. Where appropriate, supporting documentation may be referenced by a page and paragraph number. However, when this is done, the body of the technical proposal must contain a meaningful summary of the referenced material.

The referenced document must be included as an appendix to the technical proposal with referenced sections clearly marked. If there are multiple references or multiple documents, these must be listed and organized for ease of use by the State. **The Technical Proposal Template is Attachment F.**

The Cost Proposal must be submitted in the original format. Any attempt to manipulate the format of the Cost Proposal document, attach caveats to pricing, or submit pricing that deviates from the current format will put your proposal at risk.

2.6 INDIANA ECONOMIC IMPACT

All companies desiring to do business with state agencies must complete an “Indiana Economic Impact” form (Attachment C). The collection and recognition of the information collected with the Indiana Economic Impact form places a strong emphasis on the economic impact a project will have on Indiana and its residents regardless of where a business is located. SECTION THREE *PROPOSAL EVALUATION*

3.1 PROPOSAL EVALUATION PROCEDURE

The State has selected a group of personnel to act as a proposal evaluation team. Subgroups of this team, consisting of one or more team members, will be responsible for evaluating proposals with regard to compliance with RFP requirements. All evaluation personnel will use the evaluation criteria stated in Section 3.2. The Commissioner of IDOA or their designee will, in the exercise of their sole discretion, determine which proposals offer the best means of servicing the interests of the State. The exercise of this discretion will be final.

The procedure for evaluating the proposals against the evaluation criteria will be as follows:

- 3.1.1 Each proposal will be evaluated for adherence to requirements on a pass/fail basis. Proposals that are incomplete or otherwise do not conform to proposal submission requirements may be eliminated from consideration.
- 3.1.2 Each proposal will be evaluated on the basis of the categories included in Section 3.2. A point score has been established for each category.
- 3.1.3 If technical proposals are close to equal, greater weight may be given to price.
- 3.1.4 Based on the results of this evaluation, the qualifying proposal determined to be the most advantageous to the State, taking into account all of the evaluation factors, may be selected by IDOA and Indiana Department of Workforce Development for further action, such as contract negotiations. If, however, IDOA and Indiana Department of Workforce Development decide that no proposal is sufficiently

advantageous to the State, the State may take whatever further action is deemed necessary to fulfill its needs. If, for any reason, a proposal is selected and it is not possible to consummate a contract with the Respondent, IDOA may begin contract preparation with the next qualified Respondent or determine that no such alternate proposal exists.

3.2 EVALUATION CRITERIA

Proposals will be evaluated based upon the proven ability of the Respondent to satisfy the requirements of the RFP in a cost-effective manner. Each of the evaluation criteria categories is described below with a brief explanation of the basis for evaluation in that category. There is an opportunity for a bonus of two points if certain criteria are met. If any one or more of the listed criteria on which the responses to this RFP will be evaluated are found to be inconsistent or incompatible with applicable federal laws, regulations or policies, the specific criterion or criteria will be disregarded and the responses will be evaluated and scored without taking into account such criterion or criteria.

Summary of Evaluation Criteria:

Criteria	Points
1. Adherence to Mandatory Requirements	Pass/Fail
2. Management Assessment/Quality (Business and Technical Proposal)	65 available points
3. Cost (Cost Proposal)	25 available points
6. Minority Business Enterprise Subcontractor Commitment	5 (1 bonus point is available, see Section 3.2.6)
7. Women Business Enterprise Subcontractor Commitment	5 (1 bonus point is available, see Section 3.2.6)
Total	100 (102) if bonus awarded)

All proposals will be evaluated using the following approach.

Step 1

In this step proposals will be evaluated only against Criteria 1 to ensure that they adhere to Mandatory Requirements. Any proposals not meeting the Mandatory Requirements will be disqualified.

Step 2

The proposals that meet the Mandatory Requirements will then be scored based on Criteria 2 and 3 ONLY. This scoring will have a maximum possible score of 90 points with a potential of 5 bonus points if certain criteria are met. All proposals will be ranked on the basis of their combined scores

for Criteria 2 and 3 ONLY. This ranking will be used to create a “short list”. Any proposal not making the “short list” will not be considered for any further evaluation.

Step 2 may include one or more rounds of proposal discussions, oral presentations, clarifications, demonstrations, etc. focused on cost and other proposal elements. Step 2 may include a second “short list”.

Step 3

The short-listed proposals will then be evaluated based on all the entire evaluation criteria outlined in the table above.

If the State conducts additional rounds of discussions and a BAFO round which lead to changes in either the technical or cost proposal for the short listed Respondents, their scores will be recomputed.

The section below describes the different evaluation criteria.

- 3.2.1 Adherence to Requirements – Pass/Fail
Respondents passing this category move to Phase 2 and proposal is evaluated for Management Assessment/Quality and Price.

The following 2 categories cannot exceed 90 points.

- 3.2.2 Management Assessment/Quality – **65** available points

- 3.2.3 Price – **25** available points

Cost scores will then be normalized to one another, based on the lowest cost proposal evaluated. The lowest cost proposal receives a total of 25 points. The normalization formula is as follows:

- $\text{Respondent's Cost Score} = (\text{Lowest Cost Proposal} / \text{Total Cost of Proposal}) \times 25$

- 3.2.4 Indiana Economic Impact

– In compliance of Federal Code 2CFR 200.319 7b - this RFP/Contract is federal funded and this preference may not be considered or applied.

- 3.2.5 Buy Indiana Initiative –

– In compliance of Federal Code 2CFR 200.319 7b - this RFP/Contract is federal funded and this preference may not be considered or applied.

- 3.2.6 Minority (5 points) & Women's Business (5 points) Subcontractor Commitment - (10 points).

The following formula will be used to determine points to be awarded based on the MBE and WBE goals listed in Section 1.20 of this RFP. Scoring is conducted based on an assigned 10-point, plus possible 2 bonus-points, scale (MBE: Possible 5 points + 1 bonus point, WBE: Possible 5 points + 1 bonus Point). Points are assigned for respective MBE participation and WBE participation based upon the BAFO meeting or exceeding the established goals.

If the respondent's commitment percentage is less than the established MBE or WBE goal, the maximum points achieved will be awarded according to the following schedule:

%	1%	2%	3%	4%	5%	6%	7%	8%
Pts.	.625	1.25	1.875	2.5	3.125	3.75	4.375	5.0

NOTE: Fractional percentages will be rounded up or down to the nearest whole percentage. (e.g. 7.49% will be rounded down to 7% = 4.375 pts., 7.50% will be rounded up to 8% = 5.00 pts.)

If the respondent's commitment percentage is rounded down to 0% for MBE or WBE participation the respondent will receive 0 points.

If the respondent's commitment percentage is 0% for MBE or WBE participation, a deduction of 1 point will be discounted on the respective MBE or WBE score.

The respondent with the greatest applicable CUF participation which exceeds the stated goal for the respective MBE or WBE category will be awarded 6 points (5 points plus 1 bonus point). In cases where there is a tie for the greatest applicable CUF participation and both firms exceed the goal for the respective MBE/WBE category both firms will receive 6 points.

3.2.6 Indiana Veteran Business Enterprise Subcontractor Commitment.

– In compliance of Federal Code 2CFR 200.319 7b - this RFP/Contract is federal funded and this preference may not be considered or applied.

3.2.8 Qualified State Agency Preference Scoring

When applicable, pursuant to Indiana Code 5-22-13, a qualified state agency submitting a response to this RFP will be awarded preference points for Minority, Women's, and Indiana Veteran Business Enterprise equal the Respondent awarded the highest combined points awarded for such preferences in the scoring of this RFP.

The Commissioner of IDOA or their designee will, in the exercise of their sole discretion, determine which proposal(s) offer the best means of servicing the interests of the State. The exercise of this discretion will be final.
